

# Bayhealth

Bayhealth is holding referral-based drive-thru screenings. We have set it up this way to help save community members from the inconvenience of attending a drive-thru and being turned away if they aren't eligible to be screened.

If you have symptoms, such as fever, cough or shortness of breath, **call our hotline at 302-310-8477**, from 8:30 a.m.-11:30 a.m. Monday-Tuesday and Thursday-Friday, and 7-8 a.m. on Saturday. During the call you will be pre-screened by a physician, nurse or advanced practice provider. If you meet the criteria, you will be directed to a screening location.
